

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

It is rapidly becoming a DIN out here in the "listening and viewing" country -- a din from the citizens who object to being totally PROPAGANDIZED by media that is almost totally controlled by the Republican Conservative Right. Please, we need more than one ideology in our beautiful U.S. of A. This is neither a fascist nor a communist state! Let us further the Democratic ideals on which our nation was built. Thank you for hearing We the People.
